

Guardian SatinDeco®

SatinDeco

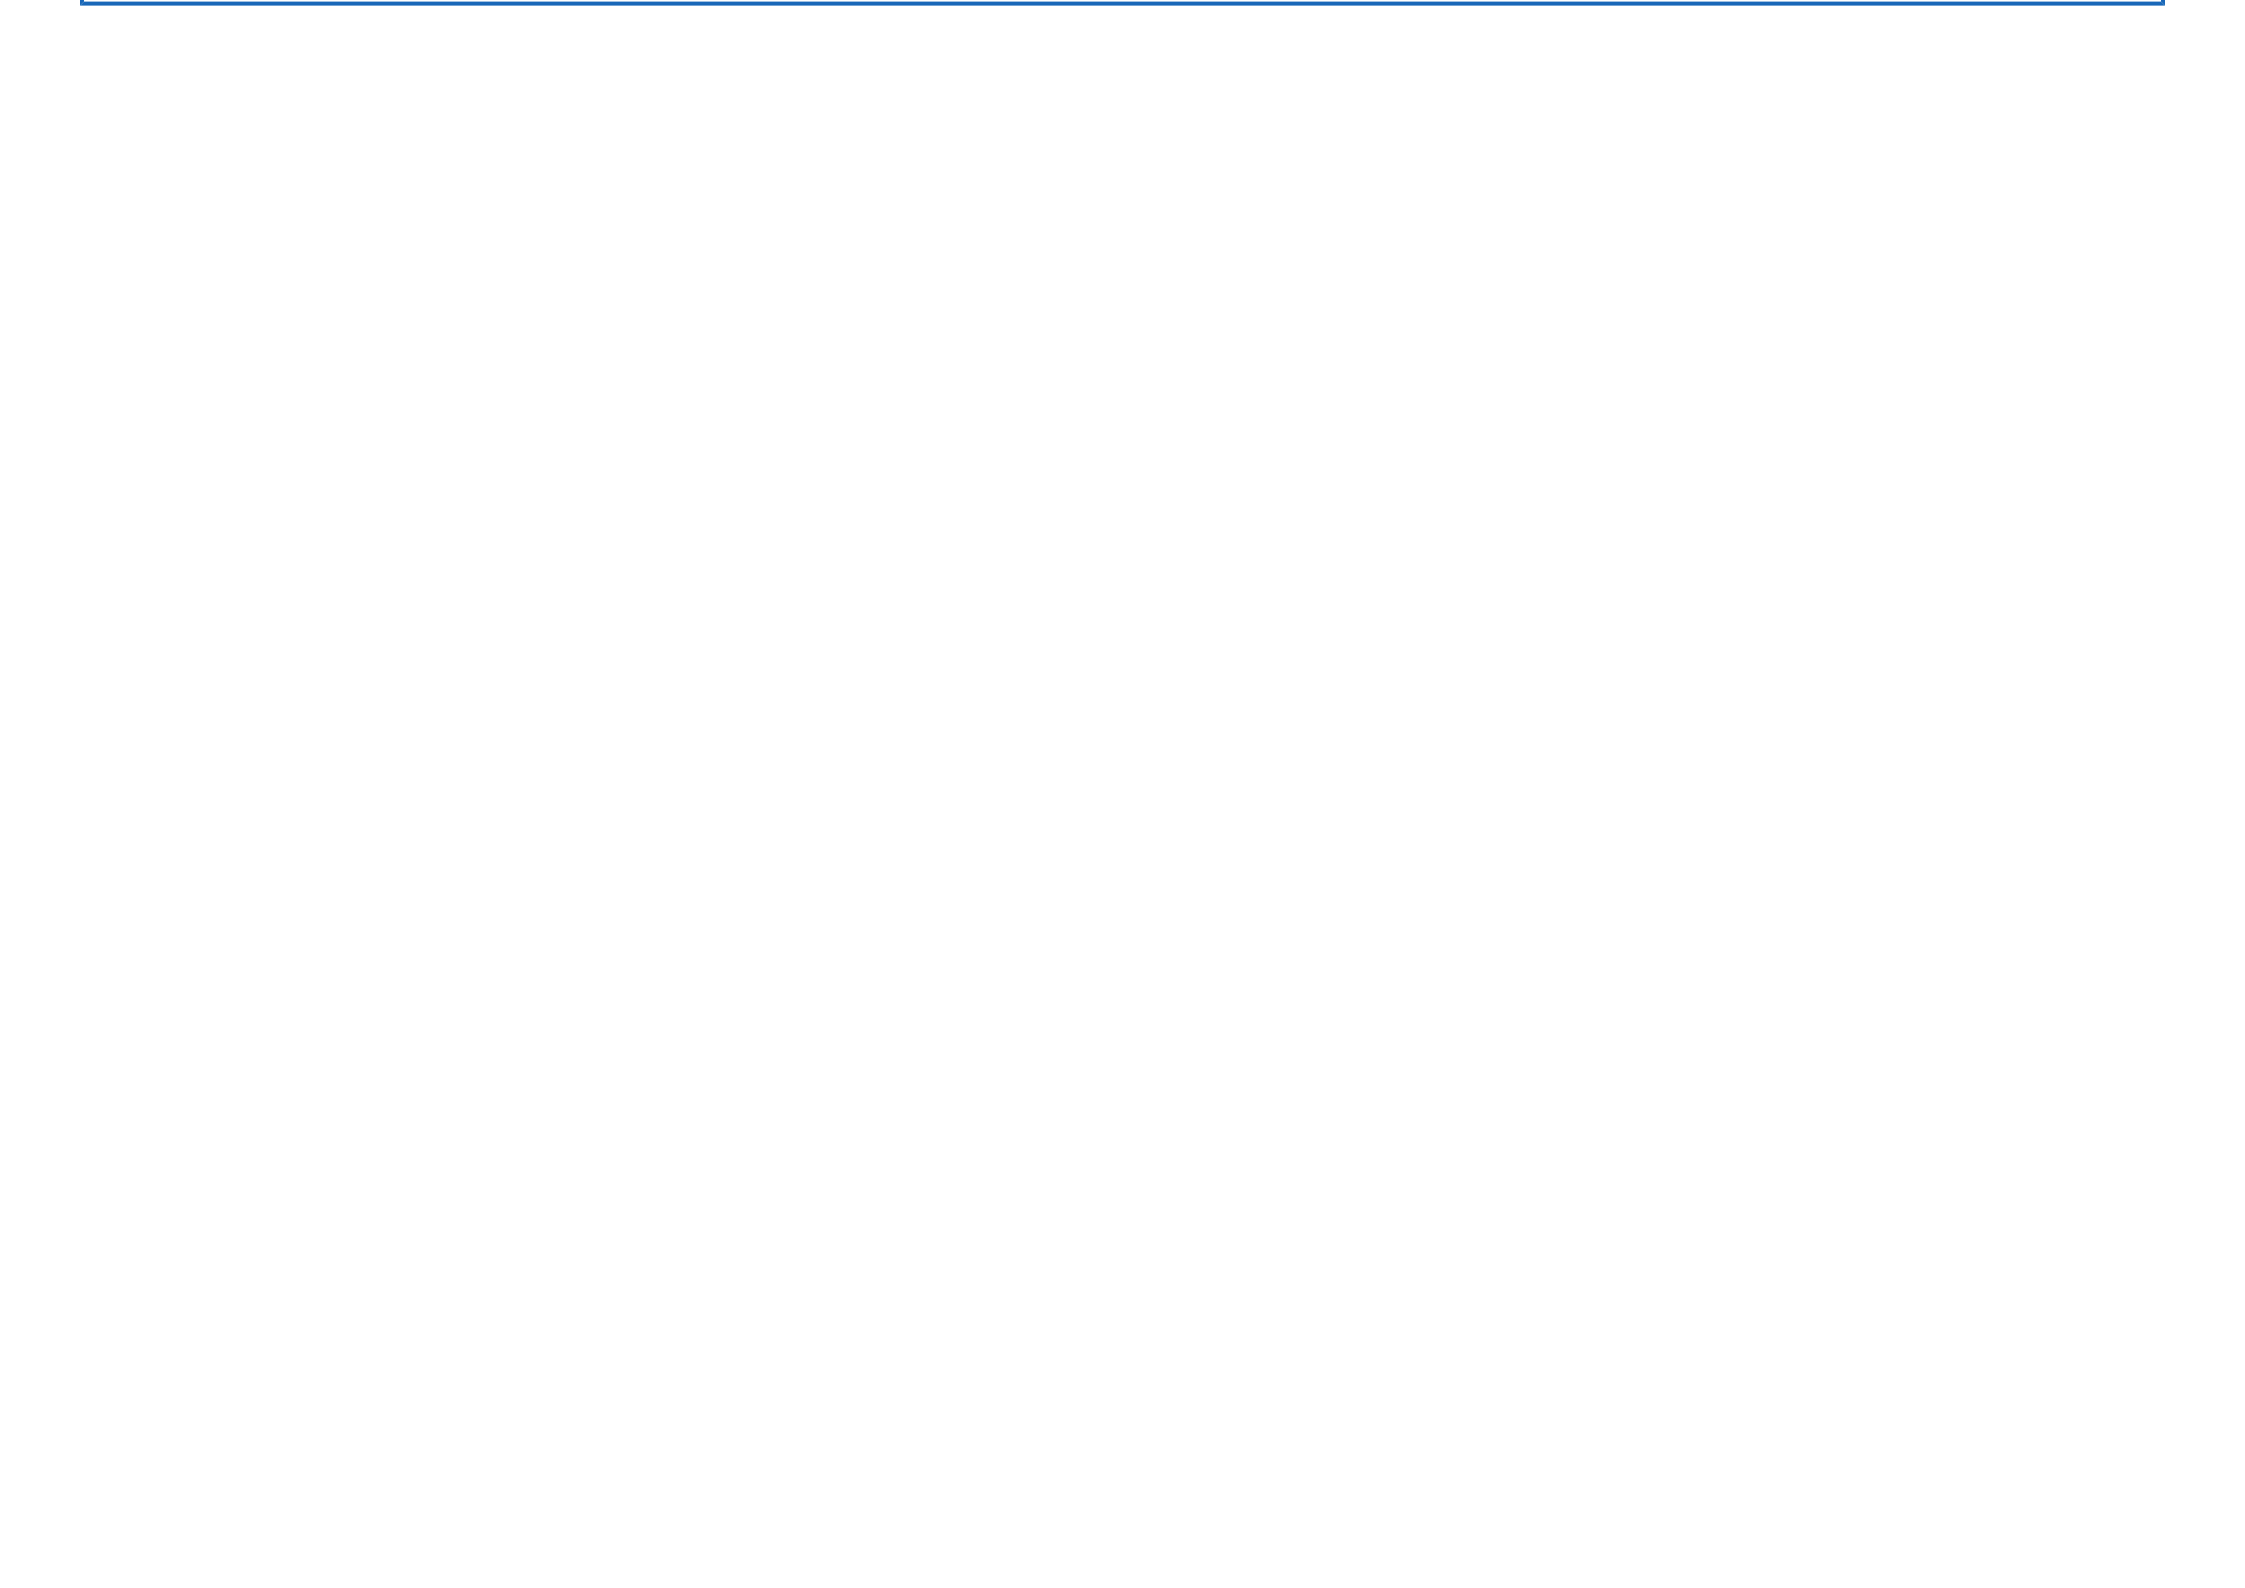

The privacy you need, the light you want

"SatinDeco acid-etched glass delivers a striking blend of light and privacy in one elegant solution. Manufactured using a proprietary acid-etching process, SatinDeco acid-etched offers color neutrality, an exquisitely smooth finish and brighter translucence that disperses light beautifully. Elegance that lasts SatinDeco acid-etched glass stays permanently beautiful with minimal care. The luminous finish of SatinDeco acid-etched glass is extremely robust and durable, helping prevent fingerprints or other marks from grease or dirt. Once installed, SatinDeco acid-etched glass does not require any special care. And as time passes, you can rest assured it will retain its elegance. Choose what to reveal and conceal SatinDeco acid-etched glass offers the ultimate in design flexibility. It creates a distinctive ambiance in a wide range of residential and commercial applications. Product combinations Most interior glass products are available with SatinDeco acid-etched finishes, meaning you can bring the elegant translucence of SatinDeco acid-etched glass to any interior design application."
